

PLOTTING SHED

A SPACE TO SHED THE DAILY PRESSURES

Need shelter for your thoughts as well as your lawnmower? A base from which to build the garden of your dreams or just to day dream? Welcome to the **Plotting Shed Collection**, straight out of the Shackadelic allotment. It's a garden shed collection that has the tug of the traditional elevated by modern design: shed but make it chic. Available in a choice of exterior finishes: from the stone Bothy to the demi-rustic Cob. The structures are also available in two sizes: Classic and Croft.

The Bothy
The Cob
The Shack
The Wood Shed

The Bothy

Inspired by the humble but haunting drystone shelter, The Bothy summons nature's wild and restless spirit to the edge of your garden. With authentic stone cladding and compact, lightweight structure, it is both practical and a little bit magical.

Classic Price £6150

Croft Price £6780
(Exclusive of VAT)

The Cob

Rendered with an exclusive hemp, clay, sand and lime mix, The Cob evokes a time before mass industrialisation, drawing on traditional construction techniques. The render is moisture-regulating, breathable and sustainable and has a natural feel for those wanting to channel a more elemental experience.

Classic Price £4675

Croft Price £5255
(Exclusive of VAT)

The Shack

Reclaimed wood means The Shack has a lived-in atmosphere - a feel of comfort and a look of permanence, as if it has always been there. It's a mini version of Shackadelic's most popular builds - it's completely different but still Shack.

Classic Price £6250

Croft Price £6780
(Exclusive of VAT)

The Wood Shed

Clad in timber, this is a back-to-basics situation. It might recall the bottom-of-the-garden perennial, but The Wood Shed has all the advantages of the Shackadelic design aesthetic, for a fresh twist on an old favourite. Available in soft or hardwood, with a selection of exclusive Shackadelic paint finishes.

Classic Price | £5955 (Ayou) £4990 (Pine)

Croft Price | £6585 (Ayou) £5455 (Pine)
(Exclusive of VAT)

The Plotting Shed

Our Plotting Shed comes in two versions: **Classic** and **Croft**. Both share the same dimensions (1.8m x 1.8m) and a maximum ridge height of 2.4m. **Croft** features a small porch, with the roof extending 0.6m to the front and supported by two timber posts, optionally set on staddlestone bases. Upgrades: Oak window. Lined in OSB.
